THE UNIVERSITY OF EAST ANGLIA'S
SCHOOL OF COMPUTING SCIENCES PRESENTS

GAME ON: ROBOT PROGRAMMING & GAMES DEVELOPMENT

WEDNESDAY 22 SEPTEMBER 2010
UNIVERSITY OF EAST ANGLIA

FOR GIFTED & TALENTED STUDENTS IN YEAR 11

This event will show you that there is much more to computing than developing software such as MS Word and Excel through two interactive sessions.

You'll learn how to program Lego Mindstorms NXT robots, investigating how to make them move, navigate and make decisions based on their surroundings. You'll also find out how computer games are written and use this to program an Xbox 360 game.

The day will end with a showcase of some of the exciting projects being worked on within the School of Computing Sciences.

We hope this event will stimulate and challenge you, but no previous experience of programming is needed!

Times & Location
10.00am – 3.30pm
University of East Anglia,
Norwich

Cost £15.00 per student

Free and subsidised places are available to those who need financial assistance.

How to book

To apply, please download an application form from www.uea.ac.uk/giftedandtalented or call 01603 591961

Full price places will be allocated on a first come, first served basis so we encourage early booking.

To make a school group booking, please call 01603 591961 or email giftedandtalented@uea.ac.uk
