SCORING FOR FILM

Get a feel for what it's like to be a score writer for films. The day will look at how scores are created for a variety of films. This will include looking at innovative ways of manipulating sound and how computers can be used to create film scores.

You will get to use cutting edge modern facilities including a mac suite and a recording studio.

You will spend the morning learning film scoring techniques, including 'Tom and Jerry' style scoring, use of leitmotifs and the relationship between sound and image.

In the afternoon you will then have a choice of short films to score for using the skills that you have learnt in the morning.

COURSE DATES

17th July 2010

9th October 2010

5th March 2011

All courses will run
from 9:30am till 4pm

You can bring
your instrument
with you on the
day.

Cost: £30 per person
